

MOUNT LAWLEY SENIOR HIGH SCHOOL

SUBJECT CHARGES 2024

VOLUNTARY CONTRIBUTIONS & CHARGES INFORMATION

In Years 7 to 10, students must have access to a full learning program which satisfies the requirements of the Western Australian Curriculum within a **maximum voluntary contribution** of \$235, regardless of whether the parent pays the voluntary contribution or not. The voluntary contribution needs to include the provision of textbooks or textbook hire.

In Years 7 to 10, a **charge** can only be raised where there is an **election** by the student to participate in extra cost optional components of the learning program or other extra cost optional activities such as school social events. At all times there must be a full program available to students within the specified maximum voluntary contribution, where no charges apply.

In Years 11 to 12, **course charges** remain **compulsory**. However, schools need to ensure that these charges are kept to a minimum and must not exceed the actual cost of materials required for the course.
