

## MOUNT LAWLEY SENIOR HIGH SCHOOL LAWLEY UPDATE Term 1 April 2012 No. 5

### PRINCIPAL'S REPORT

Congratulations to the inter-school swimming team for their victory in the recent 'B' Division. This will see the school move into the top division for 2013. With a number of younger students performing well in events this should mean that Mount Lawley SHS will be competitive in the higher division. Amongst those who swam well were

Nicholas (Year 8)	13 yr Boys - Champion Boy 24 points
Tianna (Year 8)	13 yr Girls - Runner Up 16 points
Maksim (Year 9)	14 yr Boys - Runner Up 30 points
Samuel (Year 9)	14 yr Boys - 3rd Place - 24 points
Paras (Year 9)	15 yr Boys - Champion Boy 51 points
Jeffrey (Year 12)	18 yr Boys - Runner Up 2 points
Gjorgji (Year 12)	18 yr Boys - 3rd Place - 1 point

The annual Arts Festival afternoon was conducted on Wednesday, 21 March 2012. Students were provided with a range of activities from which to select and were entertained by a variety of bands. A feature of the day was an arts and craft activity facilitated by parent, Mrs Cornes. Thanks to Mrs Cornes and the Arts, Languages and Phys Ed staff who also managed activities and the remainder of the staff who provided general support and supervision. The students enjoyed the various activities and the fact that they had a choice.

Also conducted recently was the Term 1 GATE Club. This is where all Years 8 to 10 GATE Languages students participate in a joint program of extension and enrichment. The students heard an interesting presentation from Dr Yow of the Chung Wah Association. Dr Yow, who speaks five languages, spoke on the value of learning a language and aspects of Chinese culture. He also presented the school with a copy of his book on Chinese culture. He wrote the book on the suggestion of the former Premier of Western Australia, Professor, the Hon. Geoff Gallop, AC.

Whilst a most valuable presentation from Dr Yow, the students also enjoyed a sumptuous afternoon tea provided by the Languages Parent Support Group. Thank you to Ms Andrea Ko and Ms Sondra Tate who presented and served refreshments.

On Monday, 19 March 2012, the Annual General Meeting and annual open meeting of the School Board was held. Two parents attended the meeting as observers. Mr Carl Pekin was elected

#### A THOUGHT

*Patria est, ubicumque est bene*  
(Homeland is everywhere where you feel well.)  
Cicero

65 Woodsome St, Mount Lawley WA 6050

### CONGRATULATIONS

**Terrell 1202**, has won a Silver medal in the 110 Hurdles event at the Australian Junior Championships in Sydney.

**Alex (1101)** has been selected to represent Australia in the 2012 Oceania Speed Skating Championships in New Zealand, in April.

### OFFICE WORK AVAILABLE

The school has an office with a variety of positions. There are times when we need relief staff when staff are sick, on courses or undertaking other duties. Relief work may well suit some parents. There are a range of skills such as operating office equipment, data entry, typing and general clerical duties. A Working with Children Card is required and if you do not hold one, this can be managed.

If you would like to register your name or seek further information, please speak with Ms Millea Ph 9471 0300.

### EVENTS CALENDAR

**April 1 Saturday** Italian Cultural Study Tour starts

**April 4 Wednesday** SVAPA UK/Paris Tour starts, LAST DAY OF TERM

**April 5 Good Friday** PUBLIC HOLIDAY

**April 26 Thursday** Students start School Term 2

#### YEAR 10 CARNIVAL

**DATE:** Thursday, May 10 (week 3, Term 2)

**TIME:** 8.30am - 3.00pm

**ATTENDANCE:** ALL Year 10 students

**COST:** \$10.00 per student. Paid to the Form teacher

**SPORTS:** Girls - volleyball, netball, soccer

Boys - basketball, AFL, soccer

**UNIFORM:** School PE shorts & PE shirt

Parents will receive a letter in week 2 of Term 2 with additional information relating to the carnival.

as Chair of the Board, Mr Pekin is in the second year of his term as an elected parent representative. Congratulations to Mr Pekin.

Newly elected parent representative, Dr Jenny Fay and P&C representative Mr John Cloake also attended. The Board approved the school's budget for 2012 and the Delivery and Performance Agreement that will run for the next three years. This is the agreement that the school, as an Independent Public School, has with the Director General of Education. The Board also noted the Workforce Plan and considered drafts of the School Business Plan and the Annual School Report. The Annual School Report, when approved, will be provided to parents.

Year 11 students enjoyed a river cruise on the night of the Board meeting. This was an enjoyable event and well supported. Thanks to Ms Tempone and her support staff who made the event possible. Such events provide students with the opportunity to mix socially and develop life skills.

The P&C met on Monday past and considered a range of issues, including some aspects of road safety. The P&C is a vital group in the school and does much for students. Thanks to the P&C, the very successful Homework Club is back for 2012. It is well supported by students but a place for others can always be found. Teachers attend the Centre and are able to assist students with their work.

At the meeting on Monday, the P&C also resolved to support a continuation of the Sewing Club that ran last year. In 2012, it will be available for Term 2 to 4 and is commended to students.

On Wednesday of this week a researcher from Shelby Consulting conducted research into the Independent Public School model. Thanks to the parents and Board members who were able to attend and participate.

On Thursday, 29 March 2012, the first of the two parent-teacher evenings took place. It was very well attended by parents with many teachers were booked out. I appreciate the limits that 3 hours and a 5 minute appointment time mean. Parents are welcome to contact teachers to explore issues further or to seek feedback if an appointment was not possible. It was noted that more appointments were made than in the past when parents relied on children to seek out teachers. To seek to improve the situation for parents, the P&C supported a move to cancel the school's timetable for the afternoon and devote this time to appointments. This will be considered for 2013.

As this is the last Update for Term 1, I would like to wish all families a relaxing break. School for students will resume on Thursday, 26 April 2012. On Friday, 27 April 2012, the school will conduct its ANZAC Day Service.

**Milton Butcher, Principal.**

## COMMUNITY NURSE REPORT

Having returned to Mt Lawley after almost 3 years I now remember how busy the academic year can be. It has certainly been a pleasure re-meeting the year 11&12's who have grown up so much since 2009. Some of the activity I have been working on is;

- # updating emergency care plans for students with severe allergies and other medical conditions
- # settling into the Student Services team once again
- # organising staff 1st Aid Training and fluvax.
- # meeting with the Health Committee who have highlighted 3 areas of focus.
  1. Drug and Alcohol/ Mental Health
  2. Parent Support for teen issues
  3. Nutrition and Health

I work 4 days a week and can be contacted on 9471 0324.

On a final point I believe there have been sightings of the infamous headlice here in the school, so there is some attached information about management."

**Thank-you Rob Tyler, Community Nurse.**

## Community Art Auction 2012

**Here is your opportunity**  
to profile your business to the local community **and** join the cool set...

### Become an art auction sponsor!

You will be supporting the ARTS @ MLSHS & promoting your business all at once.  
Big, little or small contributors, we love them all!

or telephone: 9444 4933

Community Art Auction coordinated by the Mount Lawley P&C  
Music and SVAPA Support Groups

## HEAD LICE

Please examine your child's hair for signs of head lice by following the advice from the Department of Health. Remember that head lice are only about 2 to 4 mm long, and are often hard to see. Head lice can move at up to 30 cm per minute, and will rapidly run away when the hair is parted to search for them, so a 'dry' hair check is not reliable. Applying hair conditioner to the dry hair slows the head lice down, so they can be trapped and removed by combing with a metal 'nit' comb.

The Department of Health's preferred treatment is the 10-Day Hair Conditioner Treatment. However, advice on insecticide treatment is also provided in the Department's Head Lice Fact Sheet, available free from the school office or at [www.health.wa.gov.au/headlice](http://www.health.wa.gov.au/headlice).

## HOW TO CHECK HAIR EFFECTIVELY FOR HEAD LICE

*You will need:*

- A metal 'nit' comb. Look for one with long, smooth, cylindrical teeth, about 1mm apart. Your local pharmacist should be able to obtain these for you.
- A bottle of inexpensive hair conditioner. Choose one that is not 'runny'.
- Some white tissues or paper towels.
- A magnifying glass (optional).

## What to do:

- Apply plenty of hair conditioner to the dry hair until saturated. Comb through with an ordinary comb or brush to remove tangles.
- Section and comb the hair thoroughly with a metal fine-tooth 'nit' comb in 4 directions – forwards, backwards, left, and right. Continue to section and comb the whole head like this.
- Wipe the comb on a white paper towel or tissue as you work, and when completely finished, examine your findings to check for any adult lice or hatchlings. Hatchlings are young lice that emerge from eggs. You may need to use a magnifying glass and a strong light to see lice or eggs.
- Using white hair conditioner may make it easier to see the head lice.
- When combing is completed, rinse the hair conditioner out and dry the hair.

## Why use hair conditioner?

Head lice can move at up to 30 cm per minute – they rapidly run and hide from searching hands and can often be missed. Applying a large amount of hair conditioner to the dry hair 'stuns' the head lice and slows them down. They become trapped and can then be easily combed out with the 'nit' comb.

## IF YOU FIND HEAD LICE:

If you find head lice in your child's hair, treat by continuing the hair conditioner method daily, for the next 10 days. Read the Department of Health's Head Lice Fact Sheet for further details (available free from the school office, or view at [www.health.wa.gov.au/headlice](http://www.health.wa.gov.au/headlice)).

You must also check all other household members for head lice, using the same hair conditioner method. As well, inform the school and any other close contacts that your child has head lice.

NOTE: Other objects in the hair can be mistaken for head lice or eggs. These include sand, cat fleas, ants and aphids or other insects, dandruff, and flakes of hair spray. If you are unsure of the identity of your findings, use clear sticky tape to fix them to a piece of white paper. You can then ask the Environmental Health Officer at your local Council to check if they are head lice.

***Thank you for being a part of this school's cooperative approach to head lice management.***

## COMMUNITY NOTICES

**ACADEMIC TASK FORCE - WACE REVISION COURSES  
APRIL HOLIDAY PROGRAM**  
***Study Skills, Essay Writing and WACE subject courses  
for years 11 and 12.***

***We will also be running a

## Pre-Medicine Certificate (PMC)

Course Code 0096  
Not available for International Students  
2012

### INTRODUCTION

Attracting doctors is one of the most pressing issues facing communities in Australia today and is now seen as a national priority. In response to this, The University of Notre Dame Australia, Fremantle Campus has introduced the Pre-Medicine Certificate (PMC) which has been running successfully since 2008. This course provides a preparation program for Notre Dame undergraduate students who wish to eventually apply for the graduate-entry medicine programme on the Fremantle campus. Specifically, the PMC aims to enhance the preparation of students interested in applying for the graduate-entry medical degree by providing an opportunity to confirm that medicine is the right choice of vocation for them.

Applicants to Notre Dame's graduate-entry medicine must meet the required scores in the GAMSAT and Grade Point Average (GPA). The interview stage of the application process is also important, giving applicants the opportunity to demonstrate personal qualities including communication skills, empathy and motivation to name a few.

Successful completion of the PMC guarantees applicants a place to the interview stage for graduate-entry medicine at Notre Dame. Fremantle provided they meet the required GPA and GAMSAT scores.

There is no prescribed undergraduate degree for entry into Notre Dame's graduate-entry medicine program. Students enter the course from many different academic backgrounds; for example, arts, health sciences, law, counselling, business, nursing, physiotherapy, biomedical science, etc.

The PMC is a School of Medicine, Fremantle course. PMC students are mentored by the PMC Coordinator who supports their development as students and potential health professionals. Students gain a sense of belonging with the School of Medicine and participate in various School activities.

### COURSE STRUCTURE

PMC students take four pre-medicine units in addition to and concurrently with their undergraduate degree at the University. The four units in the PMC are taken from a variety of options suited to developing future health professionals. Three units are compulsory and PMC students are counselled by the PMC Coordinator on the choice of the elective unit.

#### Compulsory units

- Aboriginal Studies
- Sociology of Health & Medicine
- Social Justice, Service Learning and Community Engagement

### PROSPECTIVE STUDENTS OFFICE

For further information on the admissions process at The University of Notre Dame Australia, contact the Prospective Students Office  
Tel: (08) 9433 0533 FREECALL: 1800 940 500 Fax: (08) 9433 0544  
Email: [future@nd.edu.au](mailto:future@nd.edu.au) Internet: [www.nd.edu.au](http://www.nd.edu.au)  
23 High Street (PO Box 1225), Fremantle Western Australia 6959

Disclaimer: The information contained in this document was correct at the time of publication but the University reserves the right to make subsequent changes. For up-to-date information, contact the Prospective Students Office. CRICOS Provider Code 01022F January 2012

### Elective unit (one) examples:

- Introduction to Biological Science
- Molecular and Cell Biology
- Introduction to Behavioural Science
- Psychology: Themes & Perspectives
- Social Psychology of Justice
- Living Human Rights

### ADMISSION REQUIREMENTS

Eligible students must be enrolled in an undergraduate degree at Notre Dame, Fremantle or Broome campuses. Application to the PMC can be done via the Admissions Office.

If you are a current Notre Dame undergraduate student who has a minimum of 3 semesters of your course to complete, you can apply via the Admissions Office following the Application process for students currently enrolled in an undergraduate degree at Notre Dame. (A form can be obtained from the School of Medicine Reception).

Selection is based on:

- Academic ability (ATAR and other available evidence, e.g. university transcripts)
- A recommendation from the Dean or Associate Dean and Admissions Executive Director
- Personal qualities and motivations
- Contribution to school and community life

### FEES

The PMC fee will depend on the unit cost of the units the student studies. Please refer to the Indicative Course Fees 2012 (Domestic) for more information. The PMC is not CSP or FEE-HELP funded.

### FURTHER INFORMATION

We welcome visitors to the University at any time. If you would like to view the University facilities or if you would like further information pertaining to admissions, fees or the University itself, please contact the Prospective Students and Marketing Office on (08) 9433 0533 or at [future@nd.edu.au](mailto:future@nd.edu.au). Visit the website at [www.nd.edu.au](http://www.nd.edu.au)

January 2012

What should a teenager be eating?  
What if your teenager is always on the computer, phone or watching TV?

We are inviting teenagers aged 12-16 years who are overweight, and their families, to be involved in Curtin University's Activity, Food and Attitudes Program (CAFAP).

Help your teenager to be happy and healthy!

Curtin University's Activity, Food and Attitudes Program

#### What is it:

- CAFAP is a FREE group program designed for teenagers who are overweight.
- It runs for 8 weeks, during the school term but after school hours, with twice weekly sessions.
- Teenagers spend the first part of every session exercising with other teens and our physiotherapist.
- Parents spend the first part of every session with other parents and the dietitian, social worker or psychologist learning about how to help their teenager.
- Teenagers and parents work together in the second part of the session to learn practical skills relating to food, activity and attitudes.

#### When is it:

- CAFAP runs every term.
- CAFAP starts in the second week of Term 2 (full), Term 3 OR Term 4 2012

#### Where is it:

- CAFAP will be run in two sites across Perth- one group near Cockburn (southern suburbs) and one group near Midland (north eastern suburbs). The specific location is to be confirmed.

#### More info:

- Phone Kyla (Study Coordinator) on 9266 3694
- Email Kyla on [cafap@curtin.edu.au](mailto:cafap@curtin.edu.au)
- Check out our website [cafap.curtin.edu.au](http://cafap.curtin.edu.au)

**Combo Clinics**

Duration: 3hrs  
Age: 5-12yrs\*  
Cost: \$20p/c

These popular clinics provide children with a variety of different activities in one fun filled class - please check the timetable for different class options.

**Acro** - This sport develops courage, strength, stamina, co-ordination, flexibility, jumping abilities and poise. Acrobats is done in groups of two, three or four who perform to routines using their partners heads, hands and feet.

**Cheer** - The fastest growing sport in Australia is here. Boys and girls will learn the exciting moves of cheerleading which incorporates dance and gymnastics.

**Dance** - Hip hop style workshop which is always popular.

**Gymnastics** - It's all about balance, control and flexibility.

**Multi Sports** - A variety of sports are selected.

\*Children will need to be 7-12yrs to participate in the Dance and Cheer combos. Minimum 8 participants.

**Crafty Kids and Young Master Chefs**

Duration: 3hrs  
Age: 7-12yrs  
Cost: \$20p/c

Children can be creative during this great class and all materials are supplied. Please Note: Children attending this class do not require afternoon or morning tea, as children will be making their own. Minimum 8 participants.

**Fun 'n' Games for 4-6yrs**

Duration: 1.5hrs  
Age: 4-6yrs  
Cost: \$10p/c

A new workshop for kids between 4-6yrs. Playing a variety of fun games using various equipment. Incorporating hand/eye coordination, balancing, jumping, flexibility and control. This is one fun class not to miss. Minimum 10 participants.

**Young Master Chefs**

Duration: 3hrs  
Age: 7-12yrs  
Cost: \$20p/c

This fun and creative program will give your child all the basics they will need to help Mum or Dad in the kitchen! Children will very busy during this 3 hour class creating a variety of dishes to take home. **Please note this class does not include craft, only cooking.**

**Multi Sports**

Duration: 3hrs  
Age: 5-12yrs  
Cost: \$20p/c

Children participate in a variety of sports drills and games. Some of the sports may include soccer, tennis, basketball, floorball, cricket...

Book early as this workshop fills fast. Minimum 8 participants.

**Drama for Kids**

Duration: 2hrs  
Age: 7-12yrs  
Cost: \$20p/c

- Improve your child's self confidence and self-esteem in a fun and social environment
- Increase energy, concentration and enthusiasm in creativity
- Encourage listening and conversational skills
- Promote social skills

**NEW CHILDREN'S HOSPITAL PROJECT**  
Building for our kids' health

**Project Information**

As you may be aware, in 2008 a decision was made by the State Government to build a new children's hospital to replace the Princess Margaret Hospital for Children (PMH) in Subiaco.

Due for completion in 2015, the new 274 bed hospital will be located on the QEII Medical Centre site on the corner of Monash and Winthrop Avenues in Nedlands, overlooking Kings Park.

Whilst PMH is currently providing a high standard of care to the children and adolescents of WA, its current design is out-dated and will not have the ability to achieve our future paediatric healthcare standards and expectations.

The Premier and Minister for Health officially broke ground on the site in January 2012. Since then, preliminary and underground works have started and you will notice an increase in construction activity on site in the months to come, with above ground works are expected to begin in July

The New Children's Hospital Project team are committed to keeping parents and the greater community informed with a regularly updated website at [www.newchildrenshospitalproject.health.wa.gov.au](http://www.newchildrenshospitalproject.health.wa.gov.au) and information sessions.

The first three information sessions being held are:

Thursday 12 April 4pm – 9pm: New Children's Hospital Project Showcase Suite located next to the Princess Margaret Hospital Emergency Department on Roberts Road.

Friday 13 April 4pm – 8pm: The Palms Community Centre, corner of Nicholson and Rokeby Roads Subiaco.

Saturday 14 April 8am – 12pm: Subiaco Farmers Market, Subiaco Primary School, 271 Bagot Road Subiaco.

Parents and families are encouraged to come along to find out more about the New Children's Hospital Project, alternatively they can contact the Project team on 1800 303 303 or via email [newchildrenshospital.enquires@health.wa.gov.au](mailto:newchildrenshospital.enquires@health.wa.gov.au).

Your support during this exciting project is appreciated and we ask that you include information about the New Children's Hospital Project and our upcoming information sessions in your next newsletter.

Kind regards,

New Children's Hospital Project team.
