

INFORMATION FOR PARENTS ATTENDANCE AT SECONDARY SCHOOL

At Mount Lawley Senior High School, we want your child to do their absolute best. To get the best education, they need to go to school every day.

The teenage years are a time for young people to develop independence and find their place in the world, including how they take part in their school life. We know that some children may need extra encouragement to attend school regularly. By working together, our school community can address some of the reasons why children may not want to go to school.

EVERY DAY COUNTS

1 or 2 days a week doesn't seem much but ...

What can staff at Mount Lawley Senior High School do to help?

- Offer relevant and culturally responsive learning opportunities
- Monitor every student's attendance and work with you to overcome problems affecting your child's attendance
- Talk with you about involving support staff such as school psychologist, chaplain, mentors and relevant staff
- Talk with you about local services they may also be able to help such as Headspace, Mercy Care and other organisations

You may also have concerns that your child:

- May not have friends or is not fitting in
- May be feeling lost at school
- Fears being a failure
- Is not feeling academically challenged
- May have learning difficulties
- May not get along with a teacher
- Just not wanting to be at school

What can you do to help?

- Act early. It is important to understand and work on the underlying reasons why your child is not going to school.
- On average, teenagers need eight to nine hours sleep a night to be healthy and alert. Maintaining a daily routine helps. This may include monitoring internet, mobile phone, computer games and television use at night to ensure sleep is not disturbed.
- Try not to make appointments or take holidays during school time. This can make it difficult to catch up on missed school-work, and cause anxiety about attending school.
- Don't let your child stay home unless they are genuinely sick.
- Don't let your child stay home to finish an assignment that is due. Make attendance the number one priority.
- Set a good example - how you meet your commitments impacts on how they will meet theirs. Teach them that 'showing up' to commitments is normal and expected behaviour.
- Have clear expectations about after school jobs. Make sure work does not impact on their ability to get to school each day or interfere with study.
- Encourage extracurricular activities such as sport and creative activities. They can help your child develop positive relationships and experience success, helping them feel more motivated.
- Monitor your child's attendance and learning at school. Periodically check with their teachers or the year coordinator to find out how things are going.
- Avoid taking over or giving your child the impression you are fighting their battles for them. Improving attendance requires the school, parent and student to work together.
- If your child delays getting ready for school so they are late, encourage them to still go to school with a note.
- Ask school staff such as the Student Support Coordinator or Student Support Officer for help if you are struggling to get your child to school.

Do you need to let the school know if your child will be away from school?

- Didn't complete homework or assignments

If possible, routine medical and other health appointments should be made either before or after school, or during school holidays.

- When your child is sick or unwell
- Attending cultural or religious observances such as EID and funerals.
- An unavoidable natural event such as flood waters, fire or a cyclone.
